PROFESSIONAL SUMMARY

Front-end Developer with 2+ years of experience developing and maintaining a school ERP platform serving 6,000+ schools. Proficient in React.js, JavaScript, HTML, and CSS, with expertise in reusable component development, REST API integration, responsive design, and cross-browser compatibility. Working knowledge of PHP and MySQL integration, with experience supporting deployments on Hostinger Cloud. Collaborates directly with clients to translate business requirements into functional interfaces, diagnose production issues, identify root causes, and deliver reliable technical solutions.

TECHNICAL SKILLS

Frontend: React.js, Redux, Typescript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Design, Cross-Browser Compatibility, Web Performance Optimization

API Integration: RESTful APIs

Backend & Database: PHP, Node.js, MySQL

Tools: Git, Chrome DevTools, Visual Studio Code

Cloud & Hosting: Hostinger Cloud

AI-Assisted Development: Codex, Cursor — debugging, code refactoring, and documentation

WORK EXPERIENCE

Front-end Developer

July 2024 – Present

Simption Tech Pvt. Ltd., Bhopal

- Worked on a multi-module **School ERP web application** using **React.js, TypeScript, JavaScript (ES6+), HTML5 and CSS3**.
- Developed various modules end to end including student management, finance management, and the admin dashboard. Responsibilities included UI development, **RESTful API integration with Axios**, form validation, and handling of loading, error, and pagination states.
- Managed application state with **Redux Toolkit and the React Context API**, keeping shared data such as student records, fee details and user sessions consistent across modules.
- Migrated key modules from JavaScript to TypeScript, adding typed API responses and component props that reduced runtime errors and made the code easier to maintain.
- Resolved front-end issues across JavaScript behaviour, CSS layouts, responsive design, forms, tables, file uploads and cross-browser compatibility.
- Improved performance through **lazy loading, code splitting and image optimisation**, cutting page load time.
- Worked directly with school administrators to reproduce and resolve reported issues, and trained clients on student registration, fee collection, website updates and ID-card generation.

PROJECTS

Personal Portfolio

<https://rahulshuklaportfolio.vercel.app>

- Developed a responsive React portfolio using reusable components, **props, conditional rendering, and hooks** with callback memoization, DOM refs, and effect cleanup.

EDUCATION

Bachelor of Engineering, Information Technology

2015

Rajiv Gandhi Proudhyogiki Vishwavidyalaya (RGPV), Bhopal
